Lacombe County is partnering with AWES to host a webinar all about the benefits of tree planting for wildlife habitat. Purchase tickets at: [Tree Planting for Wildlife Habitat Tickets, Tue 30 Jan 2024 at 18:30 | Eventbrite.](#)

The Agroforestry & Woodlot Extension Society (AWES) is non-profit organization with a diverse membership that shares the common goal of encouraging sustainable forest management. Lacombe County is pleased to be co-hosting a webinar with AWES, to share some insight into the benefits of tree planting for wildlife habitat.

Tree-planting is a worthy undertaking that can lead to both long-term and short-term benefits. One such benefit is the advantages it can provide wildlife (especially in the light of increasing habitat fragmentation). These undertakings and projects can assist with shelter, food resource provision, reproductive behavior support, and mobility for our local wildlife. Come join us for an evening of education and gain access to knowledge and contacts t

hat can help you pursue a tree-planting project for yourself!
