PUBLIC HEARING | Advertising/Public Notification Bylaw (Bylaw 1433/25)

Date and Time: Thursday, April 24 9:00 am

Address: Lacombe County Council Chambers (Highway 12 and RR 27-4)

Join us for a Public Hearing regarding Lacombe County's proposed Advertising/Public Notification Bylaw (Bylaw 1433/25).

[Click here for more information.](#)

Lacombe County is considering a new Advertising/Public Notification Bylaw to modernize how we communicate important notices with our residents. The proposed bylaw would give the County flexibility to use both traditional methods (like newspapers and mail) and modern communication tools (such as our website, social media, and the County News) to share information.

The introduction of an Advertising/Public Notification Bylaw presents an opportunity to modernize Lacombe County's approach to statutory advertising, ensuring that public notices are effectively communicated to residents through a combination of traditional and digital methods.

By adopting this bylaw, Lacombe County will gain greater flexibility in how it informs residents while maintaining transparency and compliance with legislative requirements. This change aligns with updated provincial legislation and reflects how most residents access news and updates today. It also ensures we remain resilient in the face of newspaper closures or mail delivery interruptions.
